

# ALLIES TAKING WAR TO JAPANESE IN PACIFIC; BEGIN MOVE AGAIN IN ITALY

## EIGHTH ARMY TAKES IMPORTANT TOWNS IN DRIVE TOWARD ROME

### RETREATING GERMANS FIRING TOWNS TO LEAVE NO SHELTER

By NOLAN NORGAARD  
ALLIED HEADQUARTERS, Algiers, Nov. 22.—(AP)—Plunging forward four miles in the mountainous Central sector of Italy, Gen. Sir Bernard L. Montgomery's Eighth army has seized two more towns overlooking an additional stretch of the main road to Rome and moved into position from which to launch a full-blown offensive against the enemy's winter defenses, allied headquarters said today.

San Pietro Avellana, 10 miles due west of Agnone and only five miles east of an important junction of highways leading to the Italian capital, was scooped up along with Vastogirardi, to the southeast of San Pietro Avellana, in the Montgomery advance which was made despite heavy rains during the entire battlefront.

Falling back before the onslaught the Germans were firing the towns in apparent determination to leave no shelter when they are forced to give up those places.

Alfadena is three miles west of a fork in the central road to Rome and Castel Di Sangro is two miles northeast of the fork on the branch leading to the Rome-Pescara highway.

The allied forces were approaching the fork from two directions, from the southeast on the road from Rionero, and from the west in the direction of Agnone, while the Eighth army took Saturday after ironing out an eight-mile deep enemy slit.

The new gains, putting the left wing of the eighth army within two miles of the upper Sangro river, were scored as swift, new advances announced that Gen. Sir Harold Alexander's ground forces in Italy had been reinforced by the recent arrival of a large number of Canadian troops. There was no indication whether the new contingents already were in action, however.

Naval Units Active  
Meanwhile, the British destroyers Quilliam and Loyal, nosing up the Adriatic coast, intercepted a German convoy of light craft off San Benedetto, midway between Ancona and Pescara, and sank one lighter and possibly a second. They also damaged a tug, and escaped with only superficial damage when coastal guns opened fire.

In the air, American twin-engine fighters rained bombs on an 18-acre area at the much-bombed railway and seacoast town of Civitavecchia, 40 miles northwest of Rome, smashing two quays, sinking a 100-foot vessel in the harbor, and demolishing many buildings.

"I saw our bombs hit smack in a large storage and ammunition dump area and in five seconds the whole place was up in a mass of flames, smoke and debris," said one bombardier, Staff Sgt. Arthur A. Wallerstedt, 6548 South Halstead St., Chicago.

Ten German Divisions  
It was estimated that 10 front-line German divisions now were defending the positions along the Garigliano and Sangro rivers, which prisoners and deserters continued to describe as the enemy's "winter line." Aerial reconnaissance showed the Germans were working feverishly to strengthen

## PACIFIC SITUATION APPEARS BEFOMENTING REAL TROUBLE FOR JAPANESE ISLAND BASES

By DEWITT MACKENZIE  
Associated Press Staff Analyst  
So Admiral Chester W. Nimitz, our commander in chief of the Pacific fleet, meant business when about a fortnight ago he announced to the United States friends and foes: "Our time has come to strike; henceforth we propose to give the Jap no rest anywhere."

He wasn't slow in implementing this challenge. Our great bombers started ranging the Gilbert and Marshall Islands, with devastating results, and today United States Marines and army units are ashore on Makin and Tarawa atolls in the Gilbert group—our first invasion north of the equator—engaged in heavy battles with the Japs.

The ultimate objective of this new offensive is capture of the island of Truk, Japan's great naval and air base close to 1500 miles west of the Gilbert and Marshall Islands. At this base the Japs maintain a large fleet—the biggest sea unit outside Nipponese home waters.

ALLIED ARMIES ADVANCE IN ITALY—Although hampered by floodwaters and mud, the British Eighth Army advanced five miles to capture Perano (arrow and British flag) and American troops of the Fifth Army gained ground around Venafrò (arrow and American flag). ## Award Will Be Presented Father Missing Airman

Air Medal with Oak Leaf Cluster for meritorious achievement, authorized for Staff Sergeant Robert M. Jennings, Jr., U. S. Army Air Forces, will be presented to Robert M. Jennings, Sr., father of the airman, at Corsicana Field Tuesday afternoon at 6:15 o'clock. The presentation will be made by Capt. L. S. Dysinger, commanding officer, with appropriate military ceremonies at the field. Lieut. Louis R. Renfrow, public relations officer of the field, revealed Monday morning.

Sgt. Jennings has been missing in action in continental Europe since June 13, 1943.

The public is invited to attend the presentation ceremonies Tuesday.

Mr. Jennings, Sr., is an employee at the Texas Power and Light Company sub-station at Navarre.

Sgt. Jennings was a tail-gunner on a bomber. He volunteered for the air force in July, 1942, and had been overseas several months when he was reported missing.

Fourth War Loan Drive Will Seek \$14,000,000,000  
WASHINGTON, Nov. 22.—(AP)—The nation's No. 1 salesmen—the millions of volunteers in the war bond campaigns—prepared today for the \$14,000,000,000 Fourth War Loan Drive which will begin Jan. 18 and run until Feb. 15.

The treasury, in announcing the new drive yesterday said state war financing committees have been strengthened and expanded, and that major emphasis this time will be placed on the \$5,500,000,000 quota for civilians. Treasury Secretary Morgenthau emphasized however that other non-banking investors also will be invited to participate.

Of course, this is just the beginning of an offensive which has far to go, and we shouldn't expect to achieve all our objectives in the immediate future. However, it certainly is heartening to see our forces in the Pacific, and especially our navy, reach that point of strength where we can carry the war to the enemy without cessation. When you stop to think what happened to our fleet at Pearl Harbor, the present offensive speaks volumes for our power of recovery.

From now on our offensive in the Pacific may be expected to swell steadily until it reaches its climax. At the same time we must remember that we can't throw everything we should like to do immediately into the war against the Japanese.

## ARMY, NAVY BOMBERS BLASTED ISLAND OF TARAWA IN WRECKAGE

### PRE-INVASION BOMBINGS OF GILBERT ISLAND EXTREMELY HEAVY

(Waves of American Army and Navy bombers pounced on Tarawa Friday in a series of devastating attacks which preceded the invasion of that Japanese-held island in the Gilberts Saturday. Reports of Army Seventh Air Force pilots to William H. Worden, Associated Press war correspondent, indicated Tarawa was heavily bombed by the Japanese and appeared helpless after several bombing raids. However, the tiny atoll heavily defended with artillery and machine gun positions.)

WITH THE SEVENTH AIR FORCE in the Central Pacific, Nov. 20.—(Delayed)—(AP)—Army and Navy bomber operating in the Gilberts and Marshalls, at last night the Japanese island of Tarawa in the Gilberts in smoke and flame in a pre-invasion blow by American forces.

Beach defenses were reduced to ruins, runways, barracks, airfield and oil dumps left flaming. The coordinated strike climaxed a week long aerial assault on the Japanese-held islands in the Gilberts and Marshalls. At Tarawa the Japanese retreated only with anti-aircraft fire.

Eight Japanese bombers and five fighters reported on Tarawa Nov. 18 had disappeared in a mass of flames, smoke and debris.

(Canton time yesterday, only planes in sight were wrecked bomber and one shattered.)

## CHIEF JUSTICE OF U.S. SUPREME COURT DECLINES BILL JOB

JUSTICE STONE SAYS WILL NOT NAME UMPIRE SOLDIER'S VOTE  
By JACK BELL  
WASHINGTON, Nov. 22.—(AP)—Chief Justice Harlan F. Stone said in a letter read to the senate today that he would decline to take part in appointing any member to a proposed war ballot commission which would administer absentee voting by the armed forces.

Under terms of the pending servicemen's vote bill, the Chief Justice could be requested by the President to appoint an associate justice of the supreme court or a circuit court judge to serve as an umpire and cast the deciding vote in case of a deadlock on the proposed four-member bipartisan commission. Vandenberg told Senator Green (D-RI), co-author of the measure with Senator Lucas (D-IL), that the Chief Justice's objection to following this procedure made it necessary to write "the very heart and center of the bill," designed to permit service personnel to vote in next year's general election.

## UNITED STATES HAS BEGUN ITS PROMISED PACIFIC OFFENSIVE

### AMERICAN SOLDIERS AND MARINES LAND ON TWO GILBERT ISLANDS

By The Associated Press  
The United States has begun its promised offensive in the Central Pacific.

American soldiers and marines carried the fight to the Japanese on the low, sandy beaches and the rocky terrain of Tarawa and Makin islands in the Gilberts on a campaign aimed at the heart of Japan's power in the Pacific—Truk.

No further word has been issued on the invasion of the two geographically small but strategically important bases since Admiral Chester W. Nimitz tersely announced the landings carried out Saturday.

The announcement yesterday by the commander in chief of the Pacific fleet said the American forces met moderate resistance at 11-mile long Makin, and strong resistance at Tarawa, largest of the Gilberts chain 2400 miles southwest of Hawaii.

The Japanese Imperial headquarters in a communique broadcast by Radio Tokyo, reported today heavy fighting was in progress. That appeared to indicate the Japanese had been easily held on air bases which American bombers could use to pierce still deeper into Nippon territory for the eventual thrust at Truk itself 1600 miles to the west.

Strong Aerial Support  
But the invasion forces could certainly depend on strong aerial support, as evidenced in the week-long series of raids by both land and carrier-based planes on both the Gilberts and Marshalls in advance of the landings.

They had also the cover of powerful naval units which helped establish the beachheads—units which the Tokyo radio said included battleships and aircraft carriers.

The campaign got under way with the recent assurance by Admiral Nimitz that "we now have the means to take the offensive."

## GERMAN POSITIONS AT KRIVOI ROG ARE REPORTED MENAGED

### RUSSIANS START NEW DRIVE TO DIVERT NAZIS FROM ATTACK

By HENRY C. CASSIDY  
MOSCOW, Nov. 22.—(AP)—German positions at Krivoi Rog, a city inside the Dnieper Bend, were menaced today by a new Russian offensive thrust apparently designed to divert Nazi forces fiercely attacking in the Korostyshev sector on the northern Ukraine front.

Front line dispatches said the latest Russian assaults south of Kremenchuk, one of the original Soviet bridgeheads on the west bank of the Dnieper, had smashed enemy resistance yesterday and overrun eight Nazi defense bases there. About 3,000 Germans were reported slain and 60 tanks knocked out in the fighting.

The thrust added to the difficulties already confronting the Nazis, but they continued to press their attacks in the Korostyshev area west of Kiev, though they had not yet broken through the German line. Heavy losses in men and machines since recapturing Zhitomir.

A familiar scene thus was once more being enacted, with the Germans attacking with a large concentration of troops, tanks and planes on a narrow sector while the Russians absorbed the blows with widely distributed forces and struck back in other areas.

There was no disposition, however, to minimize the strength of the German assaults at Korostyshev. Soviet dispatches last night frankly said the situation there was "extremely serious."

## Poles Declare Russians Must Come as Allies

WASHINGTON, Nov. 22.—(AP)—The British ambassador in Moscow, Lord Halifax, today declared that the Russian army must enter Poland as an ally, and not as a conqueror, or else face desperate resistance from the Poles themselves. Determination to fight back against the Russian army must enter Poland as an ally, and not as a conqueror, or else face desperate resistance from the Poles themselves.

## TO CONTINUE CHEST WAR FUND CAMPAIGN LEADERS ANNOUNCED

### APPROXIMATELY TEN THOUSAND DOLLARS NEEDED TO REACH QUOTA

In the Gilbert Islands today American soldiers are engaged in hand to hand fighting with the Japanese as they fought to extend their beachheads.

In Italy American soldiers in Gen. Mark W. Clark's Fifth Army continue to push forward hand-capped by snow and mud.

From bases on the British Isles American pilots continue to blast the Germans around the clock.

American soldiers, without question or hesitation continue to give their lives while the citizenship of Corsicana and Navarro county is asked to give only a few dollars.

Pledges to the Corsicana Community Chest and the Navarro County War Fund totaled \$10,688 at the close of business midnight Saturday, according to announcement Monday morning by Robert G. Dillard, executive secretary of the combined campaigns.

Approximately ten thousand dollars is needed to meet the quota of \$51,462.62 assigned the city and county.

Committees will continue to solicit pledges and the campaign will be continued until the quota is reached, it was announced by leaders of the organizations.

It was also pointed out that only small portions of the county had made reports and that there were many individuals in Corsicana who have not made a contribution.

Those directing the campaigns issued an urgent appeal to the citizens to meet this important obligation to the men and women in uniform pointing out that the

## Denial Is Made Gen. Patton Had Been Reprimanded

ALLIED HEADQUARTERS, Algiers, Nov. 22.—(AP)—Allied headquarters denied today that Lt. Gen. George S. Patton Jr. ever was reprimanded by Gen. Dwight D. Eisenhower and said he is still in command of the American Seventh Army.

Drew Pearson, radio commentator, broadcast last night from Washington that Gen. Patton had been "severely reprimanded" by Gen. Eisenhower and expressed the opinion that Patton would not be used in combat any more. Pearson said Eisenhower's reprimand followed an altercation involving Patton, a shell-shocked soldier in a Sicilian hospital, and the medical officer in charge of the hospital.

Gen. Patton is commanding the Seventh Army, has commanded it since it was activated and is continuing to command it.

"Gen. Patton has never been reprimanded or by anybody else in this theater."

The announcement said also that "no report has been received that Japanese troops in China's 'rice bowl' used poison gas on a large scale 'to frustrate the stiff Chinese resistance and prevent Chinese forces from counter-attacking.'"

The announcement said written orders found on Japanese corpses would be made known to the world after the details were received.

The charge was one of many which the Chinese have made since President Roosevelt on June 5, 1942, said that authoritative reports were reaching him of the use of poison gas by the Japanese in China and that if she persisted the United States would retaliate "in kind and in full measure."

Germany obviously hinting that the British were making attempts to withdraw from the island, said yesterday that the first refugees from the island had arrived in Turkey.

## MRS. P. M. LEA DIED IN WICHITA FALLS; BURIAL TUESDAY

### LIFELONG RESIDENT OF CORSICANA PASSES WHILE VISITING SON

Mrs. P. M. Lea, lifelong resident of Corsicana, died at the home of her son, Preston Lea, in Wichita Falls Sunday afternoon. Mrs. Lea had gone to Wichita Falls to visit her son when she died.

Tuesday afternoon at 4 o'clock from the Sutherland-McCammon Chapel with interment in Oakwood cemetery. Rev. E. F. Bohmfalk, pastor of the First Methodist church will conduct the rites.

Mrs. Lea was active in church and civic circles here for many years. She was a charter member of the DAR and had a leading part in its work.

Surviving are her son, Preston Lea, Wichita Falls; two daughters, Mrs. Willie Tuttle, Corsicana; Mrs. W. C. Guthrie, Corsicana; two brothers, John T. Garner, Corsicana; T. J. Garner, Oak Valley; a number of nephews, nieces and other relatives.

## COTTON GINNINGS REPORTED MONDAY BY CENSUS BUREAU

WASHINGTON, Nov. 22.—(AP)—The Census Bureau reported today that cotton of this year's growth ginned to Nov. 14 totaled 9,930,593 running bales, counting round as well as square bales and lint, compared with 16,676,552 a year ago, and 8,808,276 two years ago.

Ginnings by states, with comparative figures for a year ago, include Arkansas 972,403 and 1,242,541; Louisiana 872,248 and 545,284; New Mexico 68,162 and 62,127; Oklahoma 310,044 and 536,346; Texas 2,419,392 and 2,412,018.

Charge Japs Use Poison Gas, CHUNGKING, Nov. 22.—(AP)—The Chinese high command in a special communique tonight alleged that Japanese troops in China's "rice bowl" used poison gas on a large scale "to frustrate the stiff Chinese resistance and prevent Chinese forces from counter-attacking."

The charge was one of many which the Chinese have made since President Roosevelt on June 5, 1942, said that authoritative reports were reaching him of the use of poison gas by the Japanese in China and that if she persisted the United States would retaliate "in kind and in full measure."

## Business Houses In Corsicana to Close Thursday

Business will be practically at a standstill in Corsicana Thursday for the observance of Thanksgiving.

Many will likely attend the annual Texas-Texas Aggie football game at College Station when the Southwest Conference football championship will be decided.

The Daily Sun and Semi-Weekly Morning Light will be published as usual.

Their courthouses, Retail Merchants Association, library, post office, banks and city hall will be closed for the entire day.

Corsicana public schools will close Wednesday afternoon, Nov. 22. Defense industries will operate as usual.

Religious services are scheduled in several congregations. The Kerens Bobcats and Hubbard High Jaguars will clash at 2:30 p. m. on Tiger Field here for the championship of District 21-B.

## AMERICANS INVADING TWO GILBERT ISLANDS GET SEA AND AIR AID

### GROUND, AIR AND NAVAL UNITS COOPERATING IN NEW CAMPAIGN

By RICHARD McMURRAY  
Associated Press War Editor  
American forces invading Makin and Tarawa in the Gilbert Islands battered dug-in Japanese defenses on those Central Pacific stepping stones today with the support of battleships, carriers and sky fleets in fighting which Tokyo described as heavy.

The offensive opened at dawn Saturday and the outcome must be decided swiftly because the islands are too tiny for large land forces and too bare to provide much cover. Resistance on Tarawa, main enemy base in the Gilberts which Japan seized from Britain two years ago, was strong. Opposition on Makin, seaplane base, was moderate.

Admiral Chester Nimitz's drive complemented the continuing offensive of Gen. MacArthur and Admiral Halsey in the Southwest Pacific. On Bougainville in the Solomons, U. S. forces enlarged and consolidated their bridgehead at Empress Augusta Bay. On New Guinea, the Australians lashed at the Japanese with tanks within a mile of Sattelberg. Both prongs of MacArthur's pincers threatened the great base of Rabaul on New Britain, the southern end of which was pulverized with a record load of 138 tons of bombs dumped on Gasmata. Japanese opposition on land and in the air.

On Russian Front.  
Forces engaged in the Pacific were but a tiny fraction of those locked in violent combat in Russia, where the Red army with massed artillery was opposing serious German assaults against their Kiev bulge, 60 miles west of the Ukrainian capital. The Russians said the Germans had been halted since their capture of Zhitomir, but the Nazis claimed to have driven within 40 miles of Kiev. The Russians called the situation serious.

The Russians mounted a new offensive thrust against Krivoi Rog, inside the Dnieper bend, to divert German power. Moscow said that Nazi resistance collapsed south of Kremenchuk and that other Soviet forces were driving southwest of Dnepropetrovsk and in the Rechitsa area, of White Russia. Berlin reported a new Russian landing in the Crimea south of Kerch.

Slogging through heavy rains in central Italy, the British Eighth Army captured Vastogirardi and San Pietro Avellana, three and a half miles short of the highway junction of Castel Di Sangro. Large Canadian forces arrived to swell the allied armies. Weekend advances in the center have shortened the battle line by 20 miles.

The German garrison of the British garrison of Samos, Greek Aegean island 20 miles north of Leros, had capitulated.

Allied planes attacked Albania and Yugoslavia. The Partisans said they drove the Germans from two villages in Bosnia and smashed a German-Bulgarian force driving against Krejze in Serbia. British destroyers and a convoy in the Adriatic sank one or two lighters.

The crisis in Lebanon eased as the French reinstated the jailed president of the Arab republic, released the Premier and two other ministers, recalled Delegate General Jean Helou, whose actions pre-

But 5,000 FBI agents, 150,000 policemen schooled in counter-sabotage and hundreds of military and naval intelligence officers mean business, too.

So far they have prevented any single successful foreign act of important sabotage of American property.

Six saboteurs sneaking in by submarine were executed before they did any damage and two others are in prison. So far 23 members of the dangerous Duquenne spy ring, and 16 others of high degree. Scores of Nazi leaders have been jailed, and more than 14,000 enemy aliens put under rigid control. Eight persons were convicted of treason.

On this record, Hoover asks folks to keep calm and stay on the job. There is nothing worse, he says, than inspired spy and sabotage hysteria. A great airplane factory lost almost a day's production when a neighborhood nut hurled a rubber ball through the window and yelled, "bomb!"

## NAZI DOOM

It was "bitter beer" that Adolf Hitler and his murderous gang drank on the twentieth anniversary of his "Beerhall Putsch." Stalin's powerful Russian war machine continued rolling from the East in its vast wave of reconquest. Kiev, the second Russian city, was again in the hands of its own people. The westward surge had swept around the Crimea and moved on. A vast wall of Russian troops and armament stretched from Leninograd south to Nikolaev, pressing westward to Odessa, sweeping into Bessarabia, and nearer to Estonia, Latvia, Lithuania, East Prussia, Poland and Rumania. It was almost as if a vast door were opening from the west for the Slavs triumphant entrance.

It can't be long now until these armies of liberation accomplish their European job. A few months, perhaps. Certainly not more than a year at most. Russian power and the onward sweep of the western Allies combine with the shrinking power of German forces and the growing terror of the German people.

The North countries are stirring. There must be terror in the heart of Adolf Hitler himself, and of the gutter pals who helped him plan and shared his murderous progress. They see the handwriting on the wall. "Mene, Mene, Tekel Upharshin" it says, in the Biblical word of doom. "Thou art weighed in the balance and found wanting."

## THE CHANNEL

Major George Fielding Eliot, eminent military analyst, says the big blow at Germany will be directed at the French coast opposite Britain, just where most people have expected it from the first. So the famous old English Channel, only 20 miles across and visible from England on a clear day, will bear the brunt of the attack once more, as it has done so many times in European history. It would be thrilling to see that from the air.

If the invasion does strike there, it will probably represent about half strategy and half pride, as far as the British are concerned. They will feel the humiliation of having been kicked out of France by the Germans, and losing everything but their pants, after their crossing early in the war. That was not their fault, but the fault of their French allies, who yielded and left a big breach in the line, through which the German army poured. But it was a great disaster, losing France, lengthening the war and forcing the British to start all over again.

Now they are ready with American power by their side, and vast air power overhead, and the enemy weakened. It will be a costly undertaking, but it will do the job.

## SINEWS OF WAR

Congress is growing timid about federal tax bills. The House is chopping down the \$10,500,000,000 appropriation urged by the administration, to a mere \$2,000,000,000.

It is an interesting problem, both arithmetical and psychological, for any intelligent taxpayer to sit down and seriously try to figure out how much victory he can buy in this war for two billions. Not much, by any rational estimate. Experts have been talking

The Poet of the People

**LIBERTY'S WORTH.**  
Were freedom in life's market cheap,  
An easy right to gain and keep,  
There'd be no need for boys to die  
Its happy privilege to buy.

Could it with money be supplied,  
For it no man had ever died,  
Were it displayed on merchants' shelves,  
The rich would have it for themselves.

Were liberty, like trinkets small,  
In comfortable reach of all,  
There'd be no need, each twenty years,  
For agony and blood and tears.

So precious freedom's every right,  
It must be cherished day and night;  
And once obtained, by struggle hard,  
To keep it men must stay on guard.

So very dear is freedom's price  
In life, and all men sacrifice,  
That never more should we forget  
Its cost in blood and tears and sweat.

Of American war bills in terms of as much as \$300,000,000,000.

There is an election coming on. Presumably the shrinkage of recent war appropriations reflects political fears as to how the war bills will affect next year's election. If so, the experts who do the paring and squeezing are probably making a mistake. The big bills for victory will have to be voted anyway, sooner or later. Both the war effort and the political effort will fare better if Congress faces the facts and meets the requirements now, as fully as possible, while people have the biggest incomes in American history.

## DIGGIN' COAL

Flying the American flag over the coal mines doesn't seem to have accomplished much. It was only done as a sign that the United States government had assumed authority over the mines to keep coal production moving; but the moral and patriotic effect which might have been expected doesn't seem to materialize. Apparently the miners don't see much connection between coal and the flag. They work or not, as they happen to feel about it. And there doesn't seem to be much indication that liberal wage increases have stimulated the industry.

Yet coal is a war industry, as much as any. It is especially needed now in large volume, to make up for lost time, enlarge the coal piles, replenish the nation's empty coal binds and help to win the war. The miners are said to resent criticism. There is a very simple remedy for that. All that is expected of them is about half as much work, in their own line, as enlisted men do for about one-third as much pay.

## USEFUL PATRIARCH

It is a familiar truth that able and useful men often have to leave home to be appreciated. This is not exactly the case with Cordell Hull, who has been pretty well appreciated all along; but certainly he has risen in stature and general estimation as a result of his diplomatic visit to Moscow. By all accounts he made a great hit with Stalin and the other statesmen there, and his presence and influence had an important part in the great program adopted for international cooperation.

As an "elder statesman" Secretary Hull now stands at the peak of his career. At the age of 70, as with the shrewd hero Ulysses, "age hath still his honor and his toil." Mr. Hull should have a prominent part in winding up this war and launching a better world.

The experts are wrong when they say "anything may happen now on the Nazi front." How about honor and human decency?

The Allies have been talking turkey to Turkey, but what can you do with a man named Menemencioğlu.

Remember when the South Seas were romantic instead of belligerent?

## KEEPING UP A GOOD FRONT

## Red Cross Posts Now Open for Foreign Duty

A group of national American Red Cross staff members have arrived in Dallas to interview persons interested in applying for Red Cross staff positions in military posts in the United States and overseas. The group will remain at the Baker Hotel through Monday, November 22nd.

Until now, persons wishing to go overseas as Red Cross staff workers have been required to apply through the national headquarters office in Washington, D. C., but the increasing need for expanded personnel has prompted the national office to send interviewers into the field to enlist eligible men and women for the work.

Present needs have been listed as follows:  
Medical, psychiatric and general social workers for case work, supervisory and administrative positions in military hospitals both overseas and in this country, and traveling supervisory jobs within the United States.

Women with recreational leadership experience and those with recreation skills are needed to work in foreign and domestic military hospitals. Those with no training but with experience in either the social or recreation fields, and who have had some college work, are needed as staff aides, here and abroad.

Men with college education or the equivalent are needed for counsel positions, serving as assistant field directors on military posts here and overseas.

Ages for all women applicants are 25 to 45 years. Men must be between 30 and 50, and eligible through their selective service classification for such work. Applications may be made by contacting Miss Sarah Marie Conley, Baker Hotel, Dallas.

There were 760 birth certificates and 397 death certificates filed for record in Navarro county from January 1 through September 1, 1943. E. D. McCormick, county judge, announced Friday.

Judge McCormick said that all death certificates were filed, but frequently parents, physicians and registrars (justices of the peace), do not see that the birth certificates are filed. The judge pointed out the failure to have birth certificates filed and recorded cause considerable trouble and expense later.

Birth certificates are now required of all children entering school, and for many other things, including employment. If the filing is delayed, the certificates must go through the Probate Court with the recording fees amounting to \$1.50 each, and in many instances, notary fees added.

HUBBARD, Nov. 20.—Hubbard defeated Trinidad in a hard-fought conference game Friday by a score of 20 to 7 and earned the right to meet Kerens in a play-off game next week to determine the District 21-B championship.

## RESIDENT DRANE COMMUNITY DIED FRIDAY AFTERNOON

Funeral services for Lon Frank Cox, age 65 years, who died at his home in the Drane community late Friday afternoon, were held from the home of his sister, Mrs. N. T. Smith, Drane, at 1:30 o'clock Saturday afternoon. The rites were conducted by Rev. Jack Bell and interment was at Mertens.

Surviving are a brother, J. J. Cox; Mertens' three sisters, Mrs. N. T. Smith, Drane; Miss Pat Cox, Milford; Mrs. C. E. Cooper, Dallas; a number of nephews and nieces and other relatives.

He had been a merchant in the Drane community several years. Corley's Funeral Home directed the arrangements.

Basketball practice for high school athletes is expected to begin shortly after the Thanksgiving Holidays. School officials are arranging a schedule, but the work has not been completed.

Several weeks training is expected to be carried out, with regularly scheduled games after the Christmas Holidays.

A number of high schools in this area are not planning to sponsor cage teams this winter. It is understood here that Ennis and Cleburne plans for basketball teams.

Lila Jean Brown  
Elected to Honorary Scholastic Society

DENTON, Nov. 19 (Spl.)—Miss Lila Jean Brown of Corsicana was one of 20 new members elected recently to Alpha Chi, honorary scholastic society, at Texas State College for Women.

Object of the society is the stimulation, development, and recognition of scholarship and those elements of character which make scholarship effective, and a B average and junior or senior standing.

Program for the year includes a Christmas breakfast, a formal dinner in the spring, and monthly meetings devoted to the theme, "Things Worth Striving For," with topics on the arts, religion, economics, and government.

Miss Brown, daughter of Mr. and Mrs. W. P. Brown, 602 North Twenty-fifth street, is a junior majoring in general music.

Frost Girls 4-H Club Names Officers

Jerolyn Lee Way was elected president of the Frost 4-H Club at a meeting held on Wednesday, Nov. 17.

Other officers elected by the girls were: Katie McClure, vice president; Beulah Fay Johnson, secretary and treasurer; Bobbie Jean McClure, song leader; Sybil Hightower, reporter; Betty Ruth Kelly, home improvements; Katie McClure, home food supply demonstrator; and Mrs. Frank Neal was re-elected sponsor.

Following the election of officers, Miss Vera Sneed, county home demonstration agent, showed the club girls how to make pillow protectors, and blanket protectors. All the girls were interested in the work and are planning on making the protectors for their own beds.

There were 16 present at the meeting.

## Assistance Being Offered Physically Handicapped Folk

W. L. Platt of Waco, supervisor of Vocational Rehabilitation, was in Corsicana early this week to confer with Mrs. H. G. Brown concerning physically handicapped men of Navarro county. While here, he left the following information that should prove of inestimable value to physically handicapped:

Inks Lake Technical School, a vocational training school with an overall valuation of between \$400,000 and \$500,000, ideally located on the shores of picturesque Inks Lake, opened for the training of physically handicapped men this month through the co-operation of Texas A. and M. College, and State Board for Vocational Education and the Lower Colorado River Authorities.

While vocational training for physically handicapped persons has been carried on in Texas for a number of years, the new technical school will mark the establishment of the first centralized training center devoted one hundred percent to this type of training. J. J. Brown, state director of rehabilitation, points out.

A wide choice of courses will be offered including typewriter mechanics, radio repair, jewelry repair, shoe repair, auto mechanics, aircraft mechanics, aircraft manufacturing, aircraft inspection, sheet metal, welding and machine shop.

Facilities have been set up for the present only for physically handicapped white males. No age limit has been specified. All those meeting these qualifications throughout the state have been instructed to contact the district vocational rehabilitation center nearest their home for full details.

These offices are located in the following cities: Dallas, Fort Worth, Longview, Lubbock, El Paso, San Antonio, Austin, Houston, Huntsville, and Waco. Navarro applicants should write the district office, 301 City Hall, Waco, Texas.

Daisy Dean Manning  
Honoree of Shower And Tea Wednesday

Honoring Miss Daisy Dean Manning, bride-elect of Lieut. Rodney T. Brubaker, a miscellaneous tea shower was given at Richardson on Wednesday afternoon at the home of Mrs. S. E. Allen, with Misses Lloyd Hendon and Preston Anderson, Walter Prater and Preston Anderson as co-hostesses.

The reception room of the Allen home was decorated with the bride's chosen colors of pink and white. In the receiving line with the bride-elect were her mother, Mrs. J. R. Manning; her sister, Mrs. Roy Marlin; her aunt, Mrs. W. C. Pearce, and Mrs. Allen.

Miss Sibyl Carter greeted the guests and Miss Zane McDaniel presented the announcement cards bearing the phrase, "Daisy and Rodney, Nov. 20. Mrs. Jerome Winstead presided at the bride's register.

The refreshment table was laid with the traditional bridal white imported lace cloth, centered with a profusion of tiny white chrysanthemums, and flanked with white tapers in crystal candelabra.

Misses Maxine Brown and Dorothy Sanders presided from a crystal punch service. Mrs. Preston Anderson presented each guest with a lace encrusted corsage of white chrysanthemums.

More than seventy guests called during the afternoon, including the following out of town guests: Mrs. James McCravy, Weatherford; Mrs. J. D. Deane, Rowell; N. M. and Messrs. Roy Martin, W. C. Pearce, Warren Howard, Robert Rawls, Gordon Elkins, Van J. Elkins, and Miss Dorothy Hollingsworth of Corsicana.

Mose Blumrosen, prominent Navarro county republican, announced today that Wendell L. Willkie will speak in Dallas Friday November 26 at Fair Park auditorium and gave a cordial invitation to the residents of Corsicana and Navarro county to attend the meeting which will start at 8 p. m. Willkie will be introduced by R. B. Creager, it was stated by Blumrosen.

Jake Richardson of Kirven was shopping in Corsicana Saturday.

## LETTERS ANNOUNCED FOR 1943 TIGERS FRIDAY EVENING

BOYCE HOUSE, FORT WORTH WRITER-LECTURER, MAIN SPEAKER

Corsicana Tigers of 1943 were honored at the fifteenth annual Tiger Loyalty Banquet held at the high school cafeteria Friday evening under the sponsorship of the Civitan club. A varied program was presented, with Boyce House, Fort Worth, newspaper-radio columnist, as the principal speaker, and with musical numbers provided by cadets and Corsicana talent. The program was dedicated to former Tigers in the armed forces. Festus B. Pierce was toastmaster. Coach Pete Allen discussed the past year and prospects for 1944 and announced the annual award of letters.

The program, attended by about 25 persons, was opened with a silent tribute by the audience to the memory of G. T. Dickinson, faculty member, and John A. Pierce, former coach, both of whom have recently passed on. The invocation was given by Rev. Jack Goff, pastor of the North Side Baptist church.

Former Tigers introduced included Bobby Butler, 1942; Carl Ashworth, 1934, and Bugs Paschall, 1942.

Cadet Entertainment  
Lieut. Louis R. Renfrow, public relations officer at Corsicana Field, Air Activities of Texas, presented Bill O'Kelly as the master of ceremonies for the cadet musical numbers.

Mel Sutter, accordion player and composer, rendered "Honky-Tonk Train," and then with Earl White, trumpeter, gave "Star Dust" and "Jazz Me Blues."

Scott Leonard, soloist, sang "In the Blue of the Evening," accompanied by Miss Bette Pierce at the piano, and then with Sutter accoutnist on the accordion, gave Sutter's own composition, "You Regulate My Temperament."

Master of Ceremonies O'Kelly and O'Kelly's dance much applause in their dance "Castle Boogie," accompanied by Sutter and White.

Toastmaster Pierce outlined the start of the Tiger Loyalty banquet back in 1928 when Corsicana defeated Waco.

Mrs. Louie D. Elliott, high school faculty member, stated that "All Hall, Corsicana," the high school song, was written by Dr. Leslie E. Kelton, a Corsicana High graduate, and led the audience in the school song.

Coach Allen Remarks  
Coach Pete Allen told of Sam Roberts' absence because of a broken leg received in the final game of the season at Cleburne. Allen thanked the citizenship for their support during the year, and said it might have seemed an unsuccessful season to some, but he had no alibis or excuses. He asserted that he would put the 1942 boys up against any group, past or future, as to their being and character.

Coach Allen related an experience at the cafeteria at Cleburne, and quoted the proprietress as saying: "You've the most gentlemanly and best conducted bunch of football players I've fed here during the past 12 years."

All the squad introduced themselves and Coach Allen presented the following letter awards for 1943:

Lettermen Introduced  
Bill Balcom, Bobby Lang, Marvin Crowe, Don Cummins, Billy Gene Ford, James Lester (Sonny) Harwell, James Howell, Bill Newton, Alvin Prince, Gus Watson, O. L. Slaughter, Jerry Smith, Owen Smith, Joe Lewis, Harvey Ray, James Heifner, Sam Roberts, Bill Reed, Bob Goulder, Wesley Jordan, Charlie Russell, and Jack R. (Sparky) Adams. A. H. Ganze received the manager award.

A telegram was read expressing loyalty and appreciation toward the Tigers from Beaudry H. Jester, M. Corsicana, chairman of the Texas Railroad Commission.

In the beginning of his re-

"QUEEN OF THE ENGINEERS" was the title recently given Betty Robinson, daughter of Mr. and Mrs. J. W. Robinson of 1701 West Sixth avenue, by the members of ASTU No. 4813 stationed at East Texas State Teachers College, Commerce. Betty was presented with an identification bracelet as a symbol of her selection at the recent Engineers' formal dance held at the college.

marks. House paid a tribute to Corsicana and its history as an oil center, termed the Corsicana Daily Sun one of the outstanding newspapers to be found in Texas, and that the glorious football history of C.H.S. was a tribute to the boys, coaches and citizenship.

Addresses By House  
"America and most emphatically Texans are still a land of opportunity," declared House.

House said "With these millions upon millions of dollars invested in lands, in buildings and in equipment, it will be our privilege to see these industries advanced and retained after the war and converted to peace-time uses."

"Our state has superb ports which will welcome the ships of earth and we have clear air and open spaces that will make Texas the hub of the aviation network of the world. We lead in oil, in cotton, in cattle, in sheep; we have abundant power; we have vast supplies of natural gas; we are rich in raw materials. Texas can witness the greatest industrial development and prosperity than any region has ever known in all the history of the world, when peace again returns."

Continue In School  
He congratulated his hearers, especially the members of the football team, that they would have an opportunity to participate in this "golden era" and he urged the boys to continue their education so that they would be fully prepared to meet the needs of any occasion—in war, when and if they were called into the service, and in peace.

Stressing the value of education, House quoted the statement of Mirabeau B. Lamar, "Cultured men and responsible citizens of democracy," and pointed out that Robert E. Lee spent his closing years as head of Washington University, training the young manhood of the South for the problems and responsibilities of rebuilding the shattered Southland, and that Thomas Jefferson asked that it be inscribed on his tombstone, not that he was the author of the Declaration of Independence, author of the statute of religious liberty and founder of the University of Virginia.

House, who also wrote high school sports for years and is the author of the best seller, "I Give You Texas 500 Jokes of the Lone Star State," gave numerous Texas jokes, climaxing this feature of his address with several sports jokes that are classics.

The term "Uncle Sam" came into use about 1813.

## ALL RESTRICTIONS ON SLAUGHTERING OF HOGS ARE REMOVED

All restrictions covering farm slaughter of hogs have been suspended for ninety days to facilitate marketing of this year's record pig crop, according to a statement released Friday by Edmund D. Dillard, secretary of the Navarro County AAA committee, from E. L. Uphaw, state marketing supervisor, Food Distribution Administration, Austin, Texas.

Producers will not be required to have a license or permit during this period and they may kill for their own use or for sale or transfer to others, all the hogs they are able to handle. At the same time, the previous 400 pound limitation per farm producer was lifted for a three month period.

Farmers are urged to spread marketing of this year's record pig crop to prevent overloading of markets and slaughtering facilities. Requirements of OPA with respect to observance of meat price ceilings and collections of ration points in exchange for meat delivered will remain unchanged, the statement said.

## KERENS BOBCATS TO PLAY HUBBARD IN GO HERE THURSDAY

### DISTRICT 21-B CHAMPIONSHIP WILL BE AT STAKE IN TILT

By PAUL MOORE  
Sun Sports Editor  
Kerens Bobcats and Hubbard Jaguars, the top clubs in District 21-B, interscholastic league, will meet on Tiger Field, Corsicana, Thursday, Thanksgiving Day, 2:30 p.m., for the championship of the district and the right to compete in bi-district play. Both clubs have enjoyed a highly successful season and are confident of victory.

Arrangements for the game were perfected at a meeting of school officials from these two cities here Sunday afternoon at the Navarro Hotel along with Corsicana school authorities. Admission prices will be twenty-five cents for students and 50 cents for adults, including the tax.

Hubbard fans will occupy the north side of the west stands and Kerens fans will occupy the south side. The Kerens band will be admitted free and each town was allotted 50 tickets for their pep squads.

Lining of the field and other incidents were arranged for with local school authorities.

Both clubs have impressive records, with the Bobcats the better as they have a win over Hubbard early in the season, and have had only two touchdowns scored against them. That game, however, was early in the season and was before the Hill countians began clicking.

## Goings and Comings Of Fairfield Folk

Blows Hot and Cold.  
Jefferson is a team that blows hot and cold. Unless it's hot against the Kerens, it's cold. Thursday there's likely to be a tie for the district 15 lead and Jefferson won't be in it. Brackenridge and Austin can finish in a deadlock for the week by winning their games this week.

McAllen is undefeated and untied but Edinburg also is undefeated although not boasting a record quite so good as McAllen. The latter is the favorite but it should be quite a battle.

Following is the final standing of District 10-AA, which shows Waco and Bryan leading Divisions A and B, respectively, and Corsicana and Mexia in cellar positions.

District 10 (Division A)—  
Team— W L T Pct.  
Waco ..... 3 0 0 1.000  
Temple ..... 2 1 0 .667  
Cleburne ..... 1 2 0 .333  
Corsicana ..... 0 3 0 .000  
(Division B)—  
Team— W L T Pct.  
Bryan ..... 4 0 0 1.000  
Waxahatche ..... 3 1 0 .750  
Hillboro ..... 2 2 0 .500  
Ennis ..... 1 3 0 .250  
Mexia ..... 0 4 0 .000

No games remaining; schedule finished and Waco defeated Bryan in play-off for championship.

## ONLY FOUR DISTRICT CHAMPIONS NAMED IN HI SCHOOL FOOTBALL

### SEVERAL OTHER DISTRICTS HAVE HEAVILY BACKED FAVORITES

By HAROLD V. RATLIFF  
Associated Press Sports Editor.  
Only four district champions have been crowned and yet the end of the week before the other fourteen are known but here's the way they look for the opening round of the Texas schoolboy football playoff.

Amarillo vs. Vernon, San Angelo vs. Ysleta, Denison vs. Highland Park (Dallas), North Side (Fort Worth) vs. Sunset (Dallas), Fort Worth vs. Sunset (Dallas), Marshall vs. Lufkin, Jeff Davis (Houston) vs. Goose Creek, Jefferson (San Antonio) vs. McAllen.

Ysleta, Waco, Jeff Davis and Goose Creek already have clinched their titles, therefore the guests that Jeff Davis would meet Goose Creek in the bi-district round is a "cinch bet."

Amarillo, Vernon, San Angelo, Brackenridge, Lufkin and Marshall are prohibitive favorites to take the remaining games on their conference schedules, but in the cases of Denison, Sunset, Jefferson and McAllen there is room for much conjecture.

Denison plays a Sherman team that went through one of the hardest schedules of the season and whose record shows it to compare very favorably with Denison although the latter is undefeated.

Sunset lost to Woodrow Wilson (Dallas), the team it meets for the district 8 championship Thursday but the Blons appear to have profited greatly from the Army Airway Communication facilities at Walker Army Air Field at Victoria, Kansas, and is reported greatly pleased with his first assignment after his recent graduation from the army school at New Haven, Conn. Walker Field is fairly new and is a heavy bombardment training center.

Pfc. Leo Smith of Frost, U. S. Army, stationed at Camp Arid, Oregon, is spending a furlough with his mother, Mrs. L. M. Smith, of Frost.

Walter Farmer, U. S. Army Air Force, has recently been promoted to the rank of staff sergeant and has been transferred from Sioux City, Iowa, to Herkington, Kansas. He is the son of Mr. and Mrs. Harve Farmer of Corsicana.

Seaman First Class Marlon Curry, U. S. navy, on active duty, has been severely burned in an accident aboard ship, his father, Deputy Sheriff Sam T. Curry, has been advised. Seaman Curry, a cook, spilled hot grease on one leg, but is now well on the road to recovery, he has written his father.

John J. Zemannek of Bryan has been promoted to Master Sergeant, Army officials have announced. Assigned to the Army Air Base, Murce, Calif., Sgt. Zemannek was recommended for promotion by his commanding officer who places special trust and confidence in his fidelity and ability to carefully and diligently discharge his new duties.

Billy J. Blackledge, son of Mr. and Mrs. Lee Blackledge, Richmond, has arrived at the Field Artillery Replacement Training Center, Fort Sill, Okla., where he will receive his 17 weeks of basic training. Pvt. Blackledge has been attached to Battery C, 30th Battalion 6th Regiment. He was inducted into the Army at Dallas, Texas, on Sept. 29, 1943.

Naval Aviation Cadet, Cullom Fort Milburn, 1526 Woodlawn, has been transferred to the Naval Air Station, Pensacola, Fla., after successful completion of his primary flight training at Lambert Field, St. Louis, Mo. Milburn started his career by attending the Naval Flight School at Athens, Ga. After

## IN UNIFORM

Stanell Norton, former Corsicana high school and Rice Institute basketball player, product of Purdon, has spent a leave with relatives in Navarro county, Norton is chief petty officer, U. S. navy, stationed in the Caribbean area.

Mrs. Ellen Purloff Elliott received a cablegram from her husband, James Newton (Sonny) Elliott Saturday night that he had arrived safely at his destination overseas. Elliott has been in the armed forces for the past several months. He is the son of Mr. and Mrs. J. I. Elliott. Sonny was quarterback of the Corsicana High School Tiger football club a few years ago.

Cosby E. Steen, a member of the Army Air Force Reserves since March 13, reported for duty on November 19 at the Army Airway Communication facilities at Walker Army Air Field at Victoria, Kansas, and is reported greatly pleased with his first assignment after his recent graduation from the army school at New Haven, Conn. Walker Field is fairly new and is a heavy bombardment training center.

Pfc. Leo Smith of Frost, U. S. Army, stationed at Camp Arid, Oregon, is spending a furlough with his mother, Mrs. L. M. Smith, of Frost.

## O. C. WHATLEY, FORMER CORSICANAN, DIED IN HOUSTON

O. C. Whatley, former Corsicanan, died Monday morning at 10 o'clock with a heart attack at Houston, friends here learned shortly before noon. Funeral services will be held Wednesday afternoon from the Heights Funeral Home in Houston.

Whatley was an employee of the Magnolia Refinery and later for a number of years at the American Well and Prospecting company before moving to Houston.

Surviving are his wife, three sons, a daughter, and other relatives.

Sgt. Clovis E. Ross has returned to San Antonio after spending a fifteen day furlough with his parents, Mr. and Mrs. J. T. Ross and his sister, Mrs. Lottie Dea Kircase. Sgt. Ross is a graduate of Kerens high school and was attending the Coyne Electrical school Chicago, Illinois before entering the service.

Grace Elizabeth Williams, 402 South Thirteenth street, who recently enlisted in the Women's Reserve, U. S. Navy Reserve, has completed her basic training course at the Naval Training School Hunter College, Bronx, New York. Seaman Second Class Williams has been ordered to the Naval Training School for Storekeepers, Milldeleville, Ga., for further instruction before permanent assignment to duty at some shore station. Seaman Williams is the daughter of Mrs. C. L. Williams and was employed as a teacher before her enlistment in the Women's Reserve.

Lieut. and Mrs. W. M. Flintoff are being transferred to Bryan, Texas, where Lieut. Flintoff will be an ins' actor in instrument flying. The lieutenant has been stationed at Air Activities of Texas.

C. K. Holloway PHM3-C, now stationed at Farragut, Idaho, has been in the U. S. Navy since graduation from the Corsicana high school in 1942. He recently spent a short leave in Corsicana.  capitulated the strife, and promised to negotiate the question of the country's complete independence.  
 A fourth great battle for Changsha appeared to be shaping up in central China where two strong Japanese spearheads thrust within 10 miles of Changteh. Supporting the Chinese, U. S. fliers bombed Tzei starting many fires. The Russian magazine, War and the Working Classes, charged that "extremist elements" in Japan had supported Germany against the Soviet.

**Refugees From Bessarabia.**  
 ISTANBUL, Nov. 21.—(P)—The flood of refugees fleeing from Bessarabia into Rumania before the threat of the Soviet advance in Southern Russia has become so great, Turkish press dispatches said today, that Rumanian authorities have forbidden transport of all heavy baggage by rail.

**German Sinking Reports.**  
 LONDON, Nov. 22.—(P)—The Berlin radio said today that German bombers, attacking a convoy in the Eastern Atlantic yesterday, had battered and "presumably" sunk two merchant vessels totaling 18,000 tons and damaged others.

**Turk Ambassador Home.**  
 ISTANBUL, Nov. 22.—(P)—Safet Arif, Turkish ambassador to Berlin who returned home last week, told Turkish journalists here yesterday:  
 "I am here for a short vacation and for contact with the government. Our political and economic relations with Germany continue in an atmosphere of cordial friendship."

**Japs In Turkey.**  
 ISTANBUL, Nov. 22.—(P)—A group of Japanese diplomats from Germany, Hungary and Bulgaria has arrived in Istanbul apparently for the purpose of making a joint report to Tokyo on the effects recent war developments and the Moscow conference have had on Germany and her Balkan satellites.

**To Name Delegate Soon.**  
 LONDON, Nov. 22.—(P)—The United States was expected today to make an early announcement of its delegate to the European advisory commission, set up at the Moscow conference, following the appointment yesterday of the British and Russian representatives.

**Endorse Hull Report.**  
 ISTANBUL, Nov. 21.—(P)—(Delayed)—The newspaper Aksham, which frequently reflects official Turkish views, heartily endorsed today the outline of the post-war world presented to the United States Congress by Secretary of State Cordell Hull in his report on the Moscow conference.

**Wants Presidential Veto.**  
 WASHINGTON, Nov. 22.—(P)—War Manpower Commissioner Paul V. McNutt was reported ready today to ask a presidential veto for non-father draft legislation coming before the senate which would strip him of authority over selective service.

**Eighteen Killed.**  
 WASHINGTON, Nov. 22.—(P)—The deaths of 18 persons in the crash of a U. S. naval transport plane 30 miles east of Rio de Janeiro were announced by the Navy last night.

## Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## TARAWA

CONTINUED FROM FIRST PAGE

Zero as they Army's Seventh Air Force Liberators delivered the coup de grace to the island with attacks at such low levels that the huge planes were able to strafe individual enemy trucks and ships at the same time they were dropping bombs on the beach defenses and barracks areas.

Eleven Liberators which figuratively still had their motors warm from previous forays against Tarawa, Mille, Maleolap, Jaluit and Kwajalein in the same general area. All returned safely to base with no deaths among the crews. Tarawa as seen by the Army fliers last night included bomb-battered runways. One old freighter desperately trying to get out of the harbor. Dozens of abandoned wrecked vehicles on island roads and docks. A number of landing barges adrift or abandoned in the lagoon area.

There was no sign of Japanese activity except for a few repair crews scurrying to cover as the first bomber dived to 2500 feet and went over the target. Japanese anti-aircraft gunners were still present, however, although not in anything like the numbers there a week ago.

**Anti-Aircraft Inaccurate.**  
 Not more than a dozen anti-aircraft guns fired away at the Americans but they were not especially accurate even at what amounts to point blank range for such weapons.

The Navy started yesterday's Tarawa raids with forays from aircraft carriers. After these ships had started the Japanese day as unpleasantly as possible, Liberators came in with heavy bombs and anti-personnel missiles, even pounding the gun positions lies thrown from the planes.

As the Liberators left on new flights, navy planes came in from the other direction to continue pounding the gun positions, barbed wire around the beaches and other defense preparations. They all approached the island behind a cloud of black smoke left by Liberator hits on oil dumps and barracks.

Simultaneously Naval aircraft yesterday blasted Nauru Island 400 miles west of Tarawa and one of the bases from which the Japs were able to bomb American positions at Funafuti and Nanomea this week in moonlight raids. The Japanese have no four-engine land-based bombers in this area, so their effective bombing range is considerably less than the American maximum.

and to blast the Jap out of his island strongholds," and his statement on Armistice Day, "our time has come to attack."

Only in China did fighting in the Pacific war go against the Allies.

**Action on Bougainville.**  
 American troops on Bougainville, last of Japan's major bases in the Solomons, continue their steady advance.

On New Guinea, Australian tanks led the way up the main trail more than a mile east of Sattelberg in the fight to oust the Japs from the Huon peninsula and to flank the enemy's Rabaul, New Britain, stronghold.

Allied bombers gave Rabaul a temporary respite, but smashed instead at Gasmata, on New Britain's south-central coast, with 138 tons of explosives. They finished their job without interception.

In China, the Japanese extended two strong spearheads toward Changteh, west of Tungting Lake, a sector described by Brig. Gen. Edgar Glenn, chief of the U. S. 14th Air Force, as area No. 1 in importance.

The Japanese drive brought the possibility of a fourth great battle for Changsha, capital of Hunan province.

**Tokyo Admits Landings.**  
 LONDON, Nov. 22.—(P)—The Tokyo radio broadcast today a communique from Japanese Imperial headquarters saying that American troops had landed on Makin and Tarawa islands in the Gilbert group and that heavy fighting was in progress.

The landings followed a bombardment by an American naval force which included battleships and aircraft carriers said the bulletin.

The broadcast, recorded by the Associated Press, was the first Japanese reference to the attack, which was announced in an American communique Sunday.

## SEN. CAY COTTON BE CANDIDATE FOR JUDGE 3RD DISTRICT

Clay Cotton, Palestine, senior member of the Texas Senate, is quoted in news dispatches from his home town, as being a candidate for the office of Judge of the Third Judicial District in 1944. District Judge Sam R. Holland of Athens, incumbent, Saturday is quoted as confirming a report that he intended to retire from the bench at the end of his present term, Dec. 31, 1944. Judge Holland is serving his eighth year as district judge. The Third Judicial District is composed of Anderson, Houston and Henderson counties. Senator Cotton has served this district in the Senate for a number of years. Navarro county is in Cotton's senatorial district.

CONTINUED FROM FIRST PAGE

drop stitch, cast off." If you know how to knit, these were, of course, freak cases.

Some Held Confidential Jobs. Some of the toughest would-be spies and saboteurs whom FBI caught held confidential jobs in arsenals and war plants. They gathered amazingly accurate information but the Federal Bureau of Investigation knew them and made harmless all their information and actions while they thought they still were hot shots.

American Legion members and FBI-selected "spotters" posted in war plants held the line against sabotage. Of 12 cases investigated only 1188 were technical acts and, while some could have been dangerous, most were merely pranks such as flattening nails under the wheels of freight trains. So far this country has escaped sabotage such as the Black Tom and Kingsland disasters of the last war. But this failure of early efforts argues strongly for an emergency comeback now that the heat is on Hitler.

The FBI gives this report: Counter-spies tipped the FBI to strongly guarded training centers deep in Germany where super-saboteurs were turned out for future missions to United Nations. The public was kept away by barbed wire and bayonets.

Volunteers Chosen. Volunteers were chosen by the German high command on their ability to slip into allied countries with ingenious and deadly devices to destroy vital centers and facilities; they were selected from special German regiments of men who could speak two or more languages.

The Ausland Institute, specializing in Germans returning from foreign lands, picked up material from either willing or unwilling persons known to be alert in the language, customs and conditions of countries they had fled. Himmler's secret police cut corners and browbeat into the service Germans born or naturalized in allied countries and who held no ill will toward the land of their choice but who came home out of love for the fatherland.

Frequently the gestapo punished foreigners of high degree so severely in concentration camps that they too, "volunteered" for sabotage work. Many had big names who would be welcomed in America or British Isles.

Himmler threatened reprisals or promised high pay, great political, industrial or economic positions and honors after the war. Maybe benefits to the victim's harassed family.

Had Little Choice. Selectees were drafted from foreign lands on appeals to their "German blood," their identity with the "master race," their loyalty to the fatherland or their duty to their father.

In the end they had little choice. The trainee surrendered his identity for a fake personality. He became an expert with incendiaries and explosives. He memorized all information dangerous to his mission. He learned to lie about relatives, his birth certificate and otherwise to show citizenship and loyalty if ever apprehended.

He learned a trade required by the specific industry he was to destroy. Then he received his fake name, money, social security and draft cards, driver's permit and such, and packed up.

In separate schools and under separate orders and command the espionage officers obtained and trained spies in similar fashion.

The spy memorized the names and addresses of fifth columnists lying low for a time to strike. He memorized "mail drops" for smuggling his information roundabout through other countries and other operations to Germany.

Each spy received two parting admonitions: Report immediately and fullest on allied war efforts, and: Do not arouse suspicion of the G-Men!

THE PRINT DRESS.

Bright print dresses (like this one worn by Nancy Gates, RKO feature player) are a refreshing change in the dull winter months, and this year your spring print would be an excellent carry-over provided it is not too summery in appearance. Worn with dark shoes, a dark hat, coat and gloves, it would be cheerful change, especially around the holidays when we look for a gay note in everything. For years I always had a red dress at Christmas time, and, writing this, I realize it is high time I had another one, so I guess I'll go shopping tomorrow and find myself a pretty one. I know it will be more difficult this year than ever before out, as always, when we must consult some ready enough, even if it is just a red dress, we can find it. I know

somebody who will think it attractive—the baby, because babies always love bright colors, and if I can please my baby on this, her first real Christmas, I shall be very happy. We are looking forward with such eagerness to her reaction to a lighted Christmas tree and a few little toys which might interest her. Make Christmas Day a gay day, both in spirit and in your appearance. Put on your print dress or your brightly colored frock—no black for this occasion.

When sending for material offered you in my column, please remember always to enclose a self-addressed, three cent stamped envelope. Address me in care of this paper. Remember, too, that I cannot make personal replies! For personal diagnosis, consultations, or treatment you must consult some recognized beautician or your personal physician.

## TRUCK AND NEGRO AMBULANCE CRASH AT CHAMBERS CREEK

A white truck driver and negro ambulance operator narrowly escaped death in an accident on Chambers Creek bridge on Highway 75 North of Corsicana Monday morning at 5 o'clock. Byron Currin, State Highway Patrolman from Corsicana, answered the call and aided in unloading traffic conditions. Jack Edwards, driver of a Cathey and Carrel Trucking Company truck, received a slight injury to a hand, while the negro ambulance was driven by Roy McChristian who escaped injury according to Patrolman Currin. The Cathey and Carrel truck, loaded with produce, was turned over on the bridge.

was referred to the enemy operations as mere "counterattacks." A Russian communique said yesterday that in one sector of the Korostyshev area the Germans launched three consecutive tank attacks which were hurled back by artillery fire. A wave of infantry was also smashed with heavy losses and another attack cost the nazis 1,000 dead, the bulletin said. The Korostyshev area is 20 miles west of Kiev and 20 miles east of Zhitomir, which the Red army gave up Friday.

(The German communique yesterday acknowledged "stubborn resistance" but said the nazis were making further headway west of Kiev. A Berlin broadcast said later that the Germans had advanced to within 40 miles of Kiev.)

Southwest of Dnepropetrovsk in the Dnieper bend the Russians continued to push their own offensive, capturing several heavily fortified German strongholds and the railway station near Melitopol in the battle for the station 800 Germans were declared to have been killed.

In the Cherassy sector, north of Kremenchug and below Kiev, Russian artillery which had moved across the Dnieper river to a new bridgehead was reported shelling the enemy lines as the Red Army ground steadily through thickly fortified positions on the outskirts of Cherkassy.

In the Rechitsa area on the white Russian front west of Gomel, where the Russians are driving toward the pre-war Polish border, the Soviet communique said more than 200 captured German soldiers were being held in the rear, were said to have disorganized German defenses.

The German communique yesterday said that Russian attempts to enlarge the Kerch bridgehead in the Crimea were frustrated. The Russian bulletin made no reference to that front.

## Give and Take Plan On Russian Front

LONDON, Nov. 22.—(P)—New Russian successes in the great Dnieper Bend, offset by further gains in their counter-offensive west of Kiev, were reported from Moscow and Berlin today.

A Reuters dispatch from Moscow said the Russians had scored a new 20-mile advance in the Dnieper Bend, driving southward in German defenses east of the Kremenchug-Znamenska railway.

One spearhead of the drive cut the railway and is advancing 25 miles northeast of Znamenska, while another driving southward has plunged to about 25 miles east of that junction which lies about 50 miles southwest of Kremenchug.

The German high command said that nazis forces driving back eastward from west of Kiev, had broken through Soviet defense points after beating off counter-attacks and had captured "important ground" in the center of Kiev.

The Berlin broadcast also acknowledged a new Russian breakthrough near Cherkassy, Dnieper rail junction northwest of Kremenchug, but said the breach had been closed.

In new attacks aimed at encircling Krivoi Rog, rail center within the Dnieper bend, the Berlin communique said Soviet drives both north of Krivoi Rog and near Nikolai to the southeast had been beaten off.

The Berlin radio said today that the Russians had made another sea-borne landing on the Crimean peninsula south of Kerch, where the Red Army of the Caucasus has been battling for days to enlarge its bridgeheads.

## Melba Jean McKinney Weds Ray McLean in Ceremony at Kerens

KERENS, Nov. 22.—(Sp.)—Miss Melba Jean McKinney, daughter of Mrs. Carrie McKinney, became the bride of Ray McLean, son of Mr. and Mrs. E. McShan, 1935 Tyler street, Dallas, Saturday evening at the home of Mr. and Mrs. A. L. Bain.

The Rev. J. W. Ousley, Baptist minister, performed the ceremony before an altar decorated with green ferns, white chrysanthemums in bronze flower baskets and tall bronze candelabra holding burning white tapers.

Given in marriage by her uncle, A. L. Bain, the bride wore a street length dress of gallant blue crepe. Her small pompadour was styled in waves. She carried a bouquet of white carnations and gardenias. Traditional wedding music was presented by Miss Anna Loebe and Miss R. H. Mays, who sang "I Love You."

Miss Carolyn Hulan and Miss Jean Everheart of Clarksville, bridesmaids of the bride, wore white dresses. Their dresses were gold and wineberry crepe, with brown and black accessories. Miss Hulan carried an arm bouquet of white carnations, and Miss Everheart's flowers were dusty pink carnations. Bill Tyus attended the groom as best man.

At the reception following the ceremony the table was laid with an Italian cut-work cloth and decorated with white chrysanthemums, a crystal bowl, and a large tiered wedding cake topped with a miniature bride and groom.

Mrs. L. H. Holt presided at the bride's table. Miss Anna Loebe, Ernest Tyus and Mrs. Murphy assisted in the dining room. Mrs. Robert Tyus registered guests in the bride's book. Following a short wedding trip the couple will be at home at 1433 Main street, Grand Prairie, Texas.

Mrs. McLean is a graduate of the 1941 class of Kerens high school and for two years was a student at Baylor University. The bridegroom also graduated from Kerens high school and attended ATAC at Arlington before accepting a position with North American.

Out-of-town guests for the ceremony were Mr. and Mrs. P. E. George, Dallas; Mr. and Mrs. Ernest Tyus, Orange; Misses Kay and LaVerne Brittain, Taft, Texas; Miss Sarah Abney, Lufkin; Mr. and Mrs. J. E. Markham, Dallas; Mr. and Mrs. Guy McShan, Mahaback; Lonnie Crawford, U. S. N. Corps Christi; and Miss La Van Hamm of Dallas.

## ICKES DENOUNCED WAR DEPARTMENT ACTION IN CANADA

U. S. FINANCED OIL PROJECT SAID NOT IN INTEREST OF GOVERNMENT

WASHINGTON, Nov. 22.—(AP)—Petroleum Administrator Harold Ickes today denounced as not in the interest of the government the \$130,000,000 U. S.-financed Sanol oil project in Canada, said it had been undertaken by the war department without prior consultation with his office, and asserted it "ought to be junked now."

Departing from a prepared statement to the senate's Truman war investigating committee, Ickes told Chairman Truman (D-Mo.): "It never would have been undertaken if we had had anything to say about it."

"We might as well save the \$30,000,000 it is estimated it will cost to complete it."

"It's not sound business judgment to buy something that is worth nothing and will have no value when the war is over to benefit the Imperial Oil Company and the Canadian government."

Calling for a re-examination of the contract, Ickes said: "I don't think that it was in the interest of the government. If we had been consulted, we never would have approved such a contract."

He made this statement after Truman told him that post-war disposition of the project would require a Canadian and an American representative, subject to certain conditions.

The American government is to pay \$125 a barrel for the first 100,000 barrels. Truman said, with future withdrawals to be paid for at 50 cents less.

Calls for "Scrapping" Project. Ickes' sentiments were concurred in by Rep. Gavin (R-Pa.), who said "there are a billion barrels of oil in the earth waiting to be coaxed out" in his home district, and called for immediate "scrapping" of the Sanol project.

Ickes told the senate's Truman committee that in return for enormous investments and risks which he alone has assumed, "the nation should be accorded a permanent peace-time share of the oil and production to be produced on terms commensurate with the magnitude of the contribution which this government has made."

The project consists of experimental drilling, a pipeline from Fort Norman to White Horse, Canada, an oil refinery at White Horse, and roads and other facilities being built by a Canadian oil company.

Emphasizing he was before the committee "as a witness and not as a volunteer" (apparently a reference to President Roosevelt's warning to department heads against airing their differences in public), the petroleum administrator and interior secretary told the senate that members of his staff first heard of the project "by chance" in the spring of 1942.

"Our first impulse was to discontinue the project," he testified, "because we assumed, that if any project of the kind were being considered we would have been officially informed of it."

Write Stimson. When the reports were verified, he said, he wrote Secretary of War Stimson on June 3, 1942, "expressing my regret that the army had not consulted with my office on a matter which was of such vital concern to us."

He told Stimson that President Roosevelt had given him the responsibility for development of such projects, and while he agreed with the necessity of providing fuel for air force operations in the area, he "did not believe that the solution proposed by the army was the most desirable one."

Ickes said he raised the question of the desirability of a pipeline from Fort Norman to White Horse over 500 miles of "virtually unknown territory," involving difficult problem of procuring equipment for an aviation gas plant.

He suggested, as a less costly alternative, consideration of a pipeline for transporting the needed products from California via the inland passage to Saguay and thence to protected storage at White Horse and other strategic points by way of tank car or pipeline.

Stimson Replies. Subsequently, he stated, Secretary Stimson, who had expressed regret that "exigencies of the military situation" did not permit prior consultation with Ickes, agreed that further study had developed desirability of supplementary facilities by way of Saguay.

Finally agreement was reached, Ickes said, under which he sent an engineer to Fort Norman to investigate possibilities of oil development.

Before the engineer, Glen F. Ruby, former chief geologist of the Hudson Bay Company, reported, he said, Stimson wrote him that the war department was convinced that production possibilities were sufficient and was laying the Norman-White Horse pipeline and constructing the White Horse refinery.

"In brief," Ickes told the committee, "the war department favored the project. Our office recommended against it, believing that there would result a very large saving of time, money, critical materials and manpower if our alternative proposal were adopted—the movement of petroleum products by tanker to Saguay, and hence by pipeline to White Horse."

Rehabilitation of the ex-service men returning home from World War II was the theme of the District 6 American Legion conference held Sunday at Kerens, local Legionnaires stated on their return. A number of posts were represented. Earl Parsons of Bryan, district commander, presided.

## Rep. Steagall of Alabama Died of Heart Trouble

WASHINGTON, Nov. 22.—(AP)—Henry B. Steagall (D-Ala.), chairman of the house banking committee, died unexpectedly today.

Steagall was the leader of the battle in the house against the administration's food subsidy program.

He was born at Colpton, in Dale county, Ala., May 19, 1873, served in the Alabama legislature, and had represented the third Alabama district for almost 30 years.

The congressman was a widower, but three children survive. After two years in the Southeast Alabama Agricultural School, Abbeville, Ala., Steagall attended the University of Alabama and was graduated in law.

He engaged in private law practice for a time, then was named Dale county solicitor. After service in the state legislature he became third district prosecuting attorney and served in that office for seven years before being nominated for the 64th congress in 1914.

He had been elected to 15 consecutive terms in the house. House Physician George W. Calver reported that Steagall suffered a heart attack after making a speech on Friday.

Five Vacancies in House. The death of Steagall and Rep. Ditter (D-Pa.), killed yesterday in a plane crash, left five vacancies in the number of members of the 78th house of representatives who have died in less than a year. It left the house membership at 213 Democrats, 207 Republicans and four minor party members.

Other members who have died were Representatives Creal (D-Ky.), Engelbright (R-Calif.), Cuthin (R-NY), and user (R-Kas.). Steagall had been instrumental in shaping many of the country's wartime economic controls, helping draft the first and second price control acts.

His death, however, came while he was actively leading a bitter fight against an administration price control project. He had taken an important part in lining up farm state opposition to continuance of subsidies to roll back food prices.

Measures sponsored by the Alabama created the Reconstruction Finance Corporation, the Federal Deposit Insurance Corporation, the United States Housing authority, the Commodity Credit Corporation, and the Emergency Price Control Administration.

## LEBANON TROUBLE CHECKED BY MOVE RESTORE PRESIDENT

ALGIERS, Nov. 22.—(AP)—A framework looking toward quick return of orderly government in Lebanon was set up today through action of the French committee of national liberation in reinstating President Bechara Khoury and promising to negotiate the question of the country's full independence.

The committee announced its decision last night after hearing Harold MacMillan, British minister to French North Africa, stressing the importance of safeguarding the peace of the strategic Middle East area by eliminating any further disturbances.

The committee also recalled Delegate General Jean Helou from Beirut and ordered the liberation of Premier Riad Solh and two other ministers who were arrested by Helou in a repressive measure from the Lebanon parliament's vote to sever ties with France.

The French action represented a compromise with British demands. The British had requested that Premier Riad Solh be reinstated along with the president, but the committee refused on the grounds that the premier had promoted extreme nationalist policies in conflict with the league of nations mandate that France holds over Lebanon.

Situation Still Serious. CAIRO, Nov. 22.—(AP)—The British view of the Lebanese situation, as expressed here, is that it remains "potentially serious" despite French government announcement of the release of arrested ministers and the reinstatement of President Bechara Khoury. British sources said the measures represent a first step toward solution of the crisis, but "they are not likely to satisfy either the Lebanese or world opinion."

Wednesday. The body was taken from Houston to the home of Mrs. J. C. Moncrief, 2416 Park Row, Dallas.

Hitchcock moved to Corpus Christi about 18 months ago, and later to Houston. He resided here about 15 years.

Surviving are his wife, Mrs. Elizabeth Moncrief Hitchcock, Houston; three sisters, Mrs. Doyle Wilson, Bryan; Mrs. Gordon Forsythe, Corpus Christi; Mrs. Clarence Key, Dallas, and other relatives.

Nazi Divisions Bottled Up. NEW YORK, Nov. 22.—(AP)—Maj. Gen. Martin Lattman, a German officer who was captured at Stalingrad and is now a radio speaker for the Soviet-sponsored "Free Germany Committee," said today in a Moscow broadcast that the German army has five to seven divisions hopelessly bottled up in the Crimea. Lattman called upon the Nazi divisional commanders to remember the "human aspects" of Stalingrad and surrender to avoid "senseless sacrifice."

## BITTER STORM OVER FOOD SUBSIDIES IS TEMPORARILY QUIET

HOUSE BILLED FOR TWO CLASHES WITH ADMINISTRATION THIS WEEK

WASHINGTON, Nov. 22.—(AP)—The subsidy storm, rising toward a Crescendo roll-call in the house, was still for a time today in the wake of the sudden deaths of two representatives—Steagall (D-Ala.), chairman of the house banking committee and a leader in the fight against the administration's subsidy plans, and Ditter (R-Pa.), chairman of his party's congressional campaign committee.

All chamber business was suspended for 24 hours out of respect for them, thus putting off for 24 hours the showdown on a subsidy bill which even administration stalwarts expected would be vetoed by a powerful coalition of republicans and farm state democrats.

He Didn't Say Yes. Interior Secretary Ickes, the big yes-and-no man on the domestic oil scene, told the Truman War Investigating committee the U. S. project in Canada—sponsored by the War Department to provide fuel for air force operations in that area—"ought to be junked now."

Hands Off. Chief Justice Harlan Stone informed the senate he would decline to take part in appointing any member to a proposed war ballot commission which would administer absentee voting by the armed forces.

A Busy Week Ahead. Congress in general got ready for a big week, and at least two tussles with the administration.

Both clashes will get underway in the house. Already sporting a put-this-in-your-pipe-and-smoke-it air, the house expected to pass the measure extending the life of the Commodity Credit Corporation (CCC) but at the same time banning the food subsidies which the administration says would hold down retail prices. Then it will turn to general debate on the new tax bill, now standing at \$2,142,000,000—slightly more than a fifth of the \$10,500,000,000 which the treasury asked and still is asking.

Despite over-the-weekend endorsement of the subsidy program by Navy Secretary Knox, War Production Chief Donald Nelson and OPA Administrator Chester Bowles, a coalition of republicans and farm state democrats is standing firm against offers of a compromise.

And there is little doubt that the tax bill—only a faint echo of the treasury's call for more monies to be added to existing revenues—will be passed by the house sometime this week after two days of general debate.

The house also has two other hits of business before it. One is review of war appropriations, the pace of which has been stepped up by the disclosure that the army is turning back \$13,000,000,000 which it has received from congress but which it says it doesn't need this year. The other is the move, grow-

ing in strength, to enact legislation to strip OPA of coal and oil price controls and turn them over to Interior Secretary Ickes, the fuel coordinator.

Rail Strike Threat. In the senate, Sen. George today asked War Mobilization Director James F. Byrnes to head off a threatened strike of non-operating railway employees by some adjustment of their wage dispute. And there was the possibility of intervention by congress through a resolution proposed by Senator Truman (D-Mo) which would put congress on record as endorsing the eight-cent-an-hour increase sought by the workers and disallowed by economic stabilizer, Fred Vinson.

McNutt Asking Veto? As the senate received a house-approved measure delaying the father draft and stripping War Manpower Commissioner (WMC), Paul McNutt of his powers over selective service, McNutt was reported ready to ask President Roosevelt to veto the bill if it reaches his desk.

The Soldier Vote. Democratic opposition is developing in the senate to the format of the pending bill to facilitate absentee voting by members of the armed services in next year's general elections. Sen. Connally (D-Tex) says the plan is an attempt to fix qualifications of voters and his views are known to be shared by several southern congressmen.

Lotteries were permitted in some states as late as 1890.

## SUBSIDY SHOWDOWN DELAYED BY DEATHS TWO CONGRESSMEN

WASHINGTON, Nov. 22.—(AP)—Two sudden deaths among the house membership today delayed for at least a day a showdown vote on the administration's consumer subsidy program, and removed from the scene one of the leading figures in the bitter subsidy dispute.

Shortly after the house arranged to suspend business for 24 hours in respect to Rep. Ditter (R-Pa.), a powerful figure in his party's councils, killed yesterday in a Navy plane crash, Rep. Steagall (D-Ala.), frequently an administration stalwart, but recently lined up against the White House subsidy plans, died suddenly in a Washington hospital.

Steagall, who was stricken with a heart attack, had as chairman of the banking committee wielded powerful influence in this dispute, playing an important role in lining up farm state opposition to consumer subsidies.

His death automatically elevated Rep. Spence (D-Ky) to the chairmanship of the banking committee. Spence has taken the position that "subsidies should be sustained under the present circumstances in view of congress' instruction to the President to hold the line."

Even the most optimistic of President Roosevelt's stalwarts on Capitol Hill have conceded privately that the measure banning subsidies will be passed by a substantial margin.
